

Best Reviewers Award for 2021

THE BEST REVIEWERS Award has been established to honor our reviewers who made substantial contributions in support of *Digestive Endoscopy*. Last year, over 400 reviewers kindly reviewed manuscripts submitted to the journal, and the Editorial Board wishes to recognize 20 of them for their work. We are bestowing this award on these individuals based on the following criteria:

1. Invitation acceptance rate: 80% and over.
2. Number of completed reviews (except editorials): five reviews or more; the way to calculate the number of the articles reviewed:
 - a. Review/Original Articles/How I do it —————×1
 - b. Letters/Video Articles/Case Reports —————×0.5
 - c. Editorial —————×0
3. Top 20 reviewers in average scores for review: eight points maximum and two points minimum, quality (5-point scale) + timeliness (3-point scale).
